

Awards presented at the AGM – 1st February 2017

31 members attended the 2017 AGM at the Round Oak. All of the officers and committee members were re-elected as before and the reports presented confirmed that the Section is in a satisfactory position with regards both to activity and finances. It was decided that the charity donation for 2016 would be the sum of £500 to the Midlands Air Ambulance. While at the Round Oak we were interested to see that the Function Room was undergoing renovation, including removing the bar area, the effect of which will be to provide more space for us and other users. Although it's not finished yet it looks like it will be better for us.
